

The Origin of Evil

Vassago

[Music; Pepa]

[Lyrics; Brolycke, Bloodlord, Pepa]The origin of evil, the bringer of death

Try to escape, the end is determined

Your attempts are useless, in the end you will be

Crushed by the endless wrath of VassagoFear the evil, crawl in the mud

You will end up crushed by a scud

Wake up and see through the illusion

Escape from the flesh and find the solutionFlee to the east , flee to the west

Without faith you will forever rest

Flee to the south , flee to the north

Your incineration will come forthThe origin of evil, the bringer of death

Try to escape, the end is determined

Your attempts are useless, in the end you will be

Crushed by the endless wrath of VassagoFear the evil, crawl in the mud

You will end up crushed by a scud

Wake up and see through the illusion

Escape from the flesh and find the solutionFlee to the east , flee to the west

Without faith you will forever rest

Flee to the south , flee to the north

Your incineration will come forth[Lead: Suckdog]
