

Give Your Love to Me

TKA

All your friends tell me, that you care for me
You hide all your feelings, and your scared of me
But let me wipe away all your fears, all your fears
Whisper sweet words into your ear, I love you my dear
Hold me close and don't try to run
Cause this love affair has just begunChorus:
Give your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to me
Give your love to me

I know your thinking, I'm not good for you
Maybe your worried, what your friends might say
I know I love you, and my words are true
So go tell your friends girl, I'm here to stay
But let me wipe away all your fears, all your fears
Whisper sweet words into your ear, I love you my dear
Hold me close and don't try to run

Cause this love affair has just begunChorusGive your love to meBut let me wipe away all your fears, all your fears

Whisper sweet words into your ear, I love you my dear
Hold me close, don't try to run
Cause this love affair has just begunChorus (2x)
You need it, I want it, you got it, I'm going to take it
To give it, you get it, I took it, we're gonna make it
I know it, just show it, theres no mistaking

Cause to give is to take, and your giving me, all of your loveChorusI'll give you love to last a lifetime

Come take my hand and go with me
No need to hesitate, theres no time to waste
On your mark, get ready, set, where's your love
Give your love to me
Don't try to hide it, don't try to hide it
Give your love to me

You got to give it, you got to give me your love
Don't try to hide it, don't try to hide it

You got to give it, you got to give me your love
