

Hypnotize

Audioslave

Well if you set your mind upon it
I know that you can
You've got everything you wanted
You've done everything you planned So let me make an offer
I'm only trying to help
You can make your load
Just a little lighter
All you got to do is share the wealth Oh no, don't you keep your
Good luck to yourself
Oh no, don't you keep your
Good luck to yourself Well I know you've got problems
I see it in your eyes
But if you want to live
To see the morning
Give it up to your brother
Or you'll get a surprise Oh no, don't you keep your
Good luck to yourself
Oh no, don't you keep your
Good luck to yourself Well, it's time to see
You've got to give or you're gonna receive
It's time to see
You've got to give if you wanna believe
You won't believe (It's time to see)
Oh no, don't you keep your
(You've got to give or you're gonna receive)
Good luck to yourself
(It's time to see)
Oh no, don't you keep your
(You've got to give if you wanna believe)
Good luck to yourself
(You can't believe) (It's time to see)
Oh no, don't you keep your
(You've got to give or you're gonna receive)
Good luck to yourself
(It's time to see)
Oh no, don't you keep your
(You've got to give if you wanna believe)
Good luck to yourself
(You won't believe) Oh no, don't you keep your

Good luck to yourself
