Leave his ass lay it down on the fuckin concrete
Leave his ass lay it down don't cry like a bitch I been had hard

We can't interlude interlude

All them dead fool

Bump they head head

Got this hoes scared scared

So much dead dead

Tell em then how i remember

How they used to terrorize the city bussin with the triggas

Lotta haters then got greater later

Always have the paper

So i never worried bout it cause?

And it's cool like that

We got hard like that

I ain't braggin' I'm just stayin' true facts like that

I ain't never been scared

I been sayin' what they can't

And i wish i nigga could say that shit to my faceI been had hard

That's on god nigga

Don't get yo ass rob? for that hard

You niggas know i mob

To your hood with them headcollas

Give you niggas the finish with them mothafuckin headbussasHell hath no fury

I would make your vision blurry

You will come on missing surely

Body found in the missouri

I was with them goons and nigga with them bloody toolies

Spittin like [...]I been had hard

From the start

That's on god nigga

Don't get yo ass rob? for that hard

You niggas know i mob

To your hood with them headcollas

Give you niggas the finish with them mothafuckin headbussas
