

Turn Me On

The Tubes

Turn me on 'cause I need it now
Turn me on 'cause I don't know how
 Pick me up and shake me
 Tune me in and take me
Lights are bright and the music's loud

Let me know what I need to know
 Make me go where I want to go
 Let me stand and wonder
 Let me feel the thunder
See the lightning and the picture show

Put your hand on the power

Turn me on again and again
Say you're always gonna be my friend
 Love me like you mean it
 Make a mess and clean it
Don't you stop 'til I tell you when

Got a feeling something's taken hold
'Cause I'm flying by remote control
 No misunderstanding
 Before I make a landing
I'll lose my mind and I'll trade my soul

Put your hand on the power

When I look you in the eye
Then it's everything I need
Let me look you in the eye
'til the spell comes over me

 Turn me on
 Making the colours bright
 Turn me on
 Making it go all night
 Turn me on
 Giving me louder sound
 Turn me on

Making it spin around
Turn me on
Sing and dance for me
Turn me on
Keeping me company
Turn me on
Making it fast and hot
Turn me on
Give me a different shot

Put your hand on the power

Turn me on
Making the colours bright
Turn me on
Making it go all night
Turn me on
Giving me louder sound
Turn me on
Making it spin around
Turn me on
Sing and dance for me
Turn me on
Keeping me company
Turn me on
Making it fast and hot
Turn me on
Give me a different shot

Put your hand on the power and
Why don't you turn me on
