

# Your Eyes

Owle

I know this song  
It says "don't wait"  
My feet stay here  
My mind floats away  
You hurt my arms  
I let you down  
but your eyes  
your eyes  
your eyes  
your eyes on my own  
now I can dance  
in your hands  
I saw my chance my feet stay here  
my mind goes away  
Your eyes ( X 4 )  
on my own  
now I can dance  
in your hands  
I saw my chance
