Lesser Gods

Genitorturers

Watch the ones that {who} will not let you see.
What falls beyond their conformity.
chorus
Of one God.
Of one Mind.
Of one Soul.
You take control.
You're set apart without a cross to wear.
Left alone with out their guilt to bear.
[indecipherable growl]
chorus (x2)
[whispers and samples and that same growl]
Transcend, transcend all of the worlds that trap you in.
Transcend, transcend another farce you'll have to end.
Watch the ones that {who} will not let you see,
what falls beyond their conformity.
chorus
[more whispers and samples]
chorus
