Late

Kanye West

I'll be late for that, baby I'll wait for that
If you had a taste of that, you'd probably pay for that
I'm comin in when I feel like
So turn this motherfucker up only if it feels right
I'll be late for that, I can't wait for that
I think I was made for that
So I'm comin in when I feel like

So turn this muh'fucker up only if it feels rightStop all your blood clot cryin, I was flyin'

Made it to school with barely 'nuff time to sign in

Yeah I hear the alarm, yeah I hear ya mom

Yeah yeah I don't wan' be broke when I'm 31

They said the best classes go to the fastest

Sorry Mr. West there's no good classes, and that's what yo' ass get

Not even electives? Not even pre-requits?

You mean I missed my major by a couple of seconds?

Now I'm in the shop class or the basket weavin

With all the rest of the muh'fuckers underachievin

Man, this is an insult

I went to junior high with all of them and they been slow

If I can catch the beat then slow down the tempo

Just throw this at the end if I'm too late for the intro

Will I make it from the student loans to a Benz-o?

Like old folks pissin, I guess it all depends, oh, oh

Stop your cryin babyI'll be late for that, baby I'll wait for that

If you had a taste of that, you'd probably pay for that

I'm comin in when I feel like

So turn this motherfucker up only if it feels right

I'll be late for that, I can't wait for that

I think I was made for that

So I'm comin in when I feel like

So turn this muh'fucker up only if it feels rightYou know when you be late you miss all the lights

That's right (that's right) that's right (that's right)

And when you get back she gon' start up a fight

That night (that night) that night

Baby it's too late for that, lately I've been takin it slow

Try and make it to the party 'fore the guest list close

With the freshest hoes, the professors know

We about to get real unprofessional

Like them eskimos, what would you do for a Klondike?

Or two dykes that look Christina Milian like
Hmmm, I'll be on time for that
I ain't thought of no line that could rhyme with that
Yo, I'll be there in five minutes, five hours later
I'll be there in five minutes, go 'head ride with it
I'm so live with it, look how I did it
Been bullshittin but I finally arrived with it
I know it's late and I took all year but
You can stop complainin cause I'm finally here, yeah
