## Therion

Together in underworld, Hades and Persephone  
Daughter of Ceres a tragic fate  
It fell to your lot the day you ate  
Apples from the Elysian fields Persephone  
In underworld Forever in the underworld, the fate of Persephone  
Only the summer will set you free  
But you'll be forced back to your husband  
When you taste the pomegranate juice Persephone  
In underworld Persephone  
In underworld Inside the underworld  
Inside the ice and winter snow
