Visions Of The Sea

Elf Power

It's too late
The light has gone
So listen to the siren song
Calling from the seaThe day is dark
The streets are cold
An empy face, an empy hole
All the voices screamThe birds above
The worms are under me
Cast your eyes
To the visions of the seaCome outside, the rain is here
Slip away and disappear from the deep
And the years will pull you underneathEat the plate, drink the cup
Tell the fish to wake me up
I'm crawling from the deepAnd the years will pull you underneath
Cast your eyes to visions of the seaThe wind will blow
The ships will sail
The birds are shrieking
Through the air
Calling from the seaThe blackness lifts into the sky
Drifting past the wandering eyes
Watching you asleepThe birds above
The worms are under me
Cast your eyes
To the visions of the seaAnd the years will pull you underneath
Cast your eyes to visions of the sea
