

Statue of a Fool

Will Downing

Somewhere there should be for all the world to see
A statue of a fool made of gold
An image of a man who let love slip through his hands
Then let it sit there all alone So build a statue and oh, build it high
So that all can see
And inscribe the world's greatest fool
And name it after, after me And there on his face a gold tear should be placed
To honor every tear he shed
And I think it would show that everyone would know
That lived inside was a broken heart So build a statue and oh, build it high
So that all can see
And inscribe the world's greatest fool
And name it after, after me, yeah So build a statue and oh, build it high
So that all can see
And inscribe the world's greatest fool
And name it after me, oh yeah
And name it after, after me The fool, the fool, oh
I was a fool, I was a fool to ever let you go, oh baby
Oh girl, oh baby and name it after, after me
The fool, the fool and name it after, after me Alright now
Won't make the same mistake again, no, no, yeah
Statue of a fool, fool, fool
