

Sun Burns Down (Razor & Guido Main)

Jin Akanishi

I got a one-way ticket to Mars
Girl, where we're going we don't need a car
Just take my hand and let's get out of here
Right nowAll up on my body all night
Silhouette is sexy in the moonlight
You don't have to be afraid to fly
We'll be there before you knowSo baby let's go
Make love until the sun burns down
Do the impossible
Make love until the sun burns downJust follow me, got what you need
I'ma take you there
Just wait and see
So baby let's go
Make love until the sun burns downI think I know just what you wanna do
A bed of roses ain't enough for you
Next flight is leaving thirty minutes from now
I see that look in your eyesAll up on my body all night
Silhouette is sexy in the moonlight
You don't have to be afraid to fly, fly
We'll be there before you knowSo baby let's go
Make love until the sun burns down
Do the impossible
Make love until the sun burns downJust follow me, got what you need
I'ma take you there
Just wait and see
So baby let's go
Make love until the sun burns downHey girl, we never do the regular
Extraordinary is the move
I've got supernatural plans for you
So hold on tight and baby we can goSo baby let's go
Make love until the sun burns down
Do the impossible
Make love until the sun burns downJust follow me, got what you need
I'ma take you there
Just wait and see
So baby let's go
Make love until the sun burns down
