

Love Long Time (feat. Serayah & Romeo Miller)

Empire Cast

Any time, any day, yeah
I could put it on you
All you gotta do is say yeah
If you like what you see yeah
And I know it's way you wanna be yeah
Now baby let me love you long time
I could make it love you, love you long time
I'ma put it on you, on you one time
No one can do it the way you do it, yeah
A fly match mine, she get better with time
If I'm one
Call me in the hour, just stress me one time
I'ma have you in jet top, [?]
You know I ain't a clown, I own this ground
Work, work, ten thousand [?]
I'd be taking douches like the [?]
They be doing throw shots like [?]
Whisper in your ear I got some things I wanna tell you
Your last boyfriend not on my level
I could love you long time, it's the [?]
Hella diamonds on your body, steady dancing
Any time, any day, yeah
I could put it on you
All you gotta do is say yeah
If you like what you see yeah
And I know it's way you wanna be yeah
Now baby let me love you long time
I could make it love you, love you long time
I'ma put it on you, on you one time
No one can do it the way you do it, yeah
I ain't complimented your style in a while
Chops breathe, [?] make you smile
You're with the ball, we don't brag with it
Got it on your own, but when I spend it you get a rise
Yeah, it's two, why you said you're trying
A king said he better, but he lying
Private in the sky when we're flying
We'd be hitting number one
On the chops, stay [?]
Hurt me, hurt me, hurt me
Love me, love me, love me
Tell me that you want me
But no one above me

Yeah
'Cause I know when it's gone
Put it on me yeah
I'm the one that's gonna hold you down
Tell your old chick I'm the new one
You that I'm about to put it down down down
'Cause I just want you to know that I'm the one that's there for you
Ain't none of these other chicks
That's gon' hold you like I do
I want you to love me, love me long time
Call me, I'ma pull up, pull up long time
To make me wait all the way, yeah yeah Any time, any day, yeah
I could put it on you
All you gotta do is say yeah
If you like what you see yeah
And I know it's way you wanna be yeah
Now baby let me love you long time
I could make it love you, love you long time
I'ma put it on you, on you one time
No one can do it the way you do it, yeah No one can do the way that you do
Want you to love me the way that I do
Tell me you want me, I'm hoping it's true
No one can do the way that you do it, yeah yeah yeah Any time, any day, yeah
I could put it on you
All you gotta do is say yeah
If you like what you see yeah
And I know it's way you wanna be yeah
Now baby let me love you long time
I could make it love you, love you long time
I'ma put it on you, on you one time
No one can do it the way you do it, yeah
