# Mono (Squeaky Clean)

## Courtney Love

Hey
Yeah
We had everything vinyl and mono
And we looked the other wayMan we were so dumb
Is the the part in the book that you wrote
Where I gotta come and save the day
Did you miss meDid you miss me
Yeah yeah yeah
Well they say that rock is dead
They're probably right99 girls in the pit
Did it have to come to this
Oh god you owe me one more song
So I can prove to you that I am so much better than himOh god please listen fast
Here comes the crash
We're gonna rise above
We gotta smash it upYou won't abandon us again
Hey
Give us brilliant boys we want to fuck man
Full of ecstasy hard drugs and bad luckYeah yeah yeah
Turn the lights back on
It burns so hard
But you won't burn longThree chords in your pocket tonight
Are you you the one
With the spark to bring my punk rock back
I don't think soOh god I want to hear you say
I want to hear you say your sorry again
Oh god you owe me one more song
So I can prove to you that I am so much better than himOh god I'd give you anything to hear you say that I was right and you were wrong
Oh god before I leave this life
No and eight-ball isn't love
A hookers never gonna comeJust give it back to me
Blow out all of the lights to night
Yeah
2 million miles down the PCHAnd now he's gone
I slashed his tires
I bled his brakes
It had to be doneTheir hand job lives were just too cruel
Yeah mercy was done

We drown them all in their swimming pools
Run away run away run away yeahOh god I want to hear you say
I want to hear you say that you were wrong again
Oh god I want to hear you say
I want to hear you say that I am so much better than himOh god you owe us one more song
Just get out of my life
And see the world as it really is
Is this just a sad slide showCan't make a hooker come
An eight ball isn't love
I need one thing that's divine
Let me hear it tonightLet me hear it tonight
I gotta hear it tonight
You gotta let me here the one lost chord tonight
