

# Natural Harmony

## The Byrds

Falling free, me and you  
Happening so graciously  
You can't hurry natural harmony Feel so free, wider than me  
Seems just like the day of birth  
Our first awakening to this earth Dancing through the streets side by side  
Head thrown back, arms open wide Going home, almost gone  
Merging with a grain of sand  
Try hard to catch us if you can
