Slumber

Needtobreathe

Days, they force you back under those covers
Lazy mornings, they multiply
Glory's waiting outside your window
Wake on up from your slumber,
Baby open up your eyes.Tongues are violent, personal and focused
Tough to be with your steady mind
Hearts are stronger and are broken
Wake on up from your slumber,
Baby open up your eyesAll these victims stand in line for
Crumbs that fall from the table,
Just enough to get by
All the while your invitation
Wake on up from your slumber,
Baby open up your eyes
Wake on up from your slumber,
Baby open up your eyesTake from vandals all you want now,
Please don't trade it in for a life
Place your feeble with the fable
Wake on up from your slumber,
Baby open up your eyes
Wake on up from your slumber,
Baby open up your eyesAll these victims stand in line for
Crumbs that fall from the table
Just enough to get by
All the while your invitation
Wake on up from your slumber,
Baby open up your eyes
Wake on up from your slumber,
Baby open up your eyesOh sing like we used to,
Dance when you want to,
Taste for the breakthrough, open wide.
All these victims stand in line for
Crumbs that fall from the table,
Just enough to get by
All the while your invitation
Wake on up from your slumber,
Baby open up your eyes
Wake on up from your slumber,
Baby open up your eyes

Wake on up from your slumber,
Baby open up your... eyes.Oh come on, sing like we used to,
And dance like you want to
Come on, now open up your eyes
And sing like we used to,
And dance like we want to
Come on, now open up your eyes
