Slipping Away

UFO

All the world knows
Yet none too well
To shun the heaven
That lead men to this hell
If all the stars
Disappear and die
And I'm looking at an empty sky
Oh I'll be damned
Back behind the sun
This kind of love
Can't be bought or won girl
And when every second counts
When the minutes
Turn a night into a day
Because the closer you get
The further you slip away
Because the closer you get
The further you slip away
When the summer rain came
Well it kissed our feet
And a magic moon lay down on our street
Love and death
It's like war and peace
One single outreach
On this empty beach
'Cause you're damned if you do
And you're damned if you don't
Want her to stay away hey
Because the closer you get
The further you slip away
'Cause the closer you get
The further love slipped away,
Slipped away
Ooh
Na na na na na na,
Na na na na na na
Slipping away,
Slipping away
These plastic bags and

These crushed up cans
This twisted wreck
On some foreign land
Better hold close
What you hold so dear
'Cause the vanishing point
Is coming oh so near
All this world knows
Yet none too well
To shun the heaven
That lead men to this hell
He closer you get
The further you slip away
'Cause the closer you get
The further love slipped away,
Slipped away
He closer you get
The further you slip away
'Cause the closer you get
The further love slipped away,
Slipped away
