

# Sleeping With Giants [Lifetime]

## The Academy Is...

I've noticed, people, they all have moments  
Different, yet all the same  
I fumble through every word that is spoken  
And I barely knew your name I'm tongue-tied, it runs through my blood and my insides  
Some things we can't escape  
But if we try, if we try  
We can leave this behind It's been a lifetime, a lifetime we've waited for  
A simple question, kid, "Are you with me or not at all?" Your eyes wide, you're always ahead of the curve tide  
Quite and confident  
Oh, we stood there, awkward and youthful, we tangled  
A piece of my soul escaped Oh, we are restless and tired, sleeping with giants  
A model make out with the egos of fire And it seems like it's been a lifetime, a lifetime we've waited for  
A simple question, kid, "Are you with me or not at all?"  
Well, are we wasting time or is it wasting us?  
It's been a lifetime waiting for now, now Well, you've got to find a way, you've got to find a way  
You've got to find a way, you've got to find a way  
You've got to find a way before you fold in It's been a lifetime, a lifetime I've waiting for  
A simple question, kid, "Are you with me or not at all?" It's been a lifetime, a lifetime we waited for  
I need an answer, kid, you're either with me or not at all, no, no  
Are we wasting time or is it wasting us?  
It's been a lifetime, a lifetime, a lifetime, lifetime, yeah Well, you've got to find a way, you've got to find a way  
You've got to find a way, you've got to find a way  
Said you've got to find a way, you've got to find a way  
You've got to find a way before you fold in
