# Bygones

## The Weightlifters

When will this ever end? I thought that you forgave me then
So, why do we argue so, I want to know
Listen, we both made some mistakes that caused our hearts to break
But we must learn to forgive and love again yeah
There are some things I wish that I could change, oh yes I do
But if we?re going to move forward let bygones be bygones, so long
I don?t want to talk about it, let bygones be bygones, so long
I don?t want to talk about it, let bygones be bygones, bygones, oh yeah
Now I will be the first to say, sorry for treating you that way
But that was so long ago you gotta let it go, yeah yeah yeah yeah
There are some things I wish that I could change, oh yes I do
But if we?re going to move forward let bygones be bygones, so long
I don?t want to talk about it let bygones be bygones, so long
I don?t want to talk about it let bygones be bygones, yeah yeah yeah yeah
We should be living for today
Can?t let our past get in our way
Let bygones be bygones, so long
I don?t want to talk about it let bygones be bygones, bygones, so long
I don?t want to talk about it let bygones be bygones, yeah
I don?t want to talk about it let bygones be bygones
Can?t you hear me say, so long
I don?t want to talk about it let bygones be bygones, so long
