

Get Up

Mike & The Mechanics

Get up
Do you remember how we used to say?
Nothing could ever, oh, stand in our way
Its no use pretending things are still the same
Cause were no longer ahead of the game
Well, Ive already gone through it all and its true
If you want to survive theres just one thing to do
Yeah, get up and do something
Get up and take control of your life
Get up and do something about it, baby
You'll never make the same mistake twice, yeah
Just like a flyer high above the ground
Im on a tightrope, I'm afraid to look down
Yes, Im almost approaching the point of no return
Sometimes I wonder if Ill ever learn
Well, Ive already said that you ought to be proud
Listen, talking is cheap, oh, but action speaks loud
Get up, do something
Get up and take control of your life
C'mon, get up and do something about it, baby
You'll never make the same mistake twice
All of this time youve been learning to crawl
When youre down on your knees youve got nowhere to fall
Get up
Get up
Get up
Yeah, get up and do something
Get up and take control of your life
C'mon, get up and do something about it, baby
You'll never make the same mistake twice
Get up and take control
Get up and [Incomprehensible]
Get up and take control of your life
Get up
Get up
Get up
Do something about it, baby
Get up
Do something about it, baby
