Still Is the Night

Sam & Dave

Still is the night, not a sound
Not a movement in this whole house
Listen, it's been that way since you've been gone
Oh, just a lonely man in an empty homeStill, still, still is the night
Oh, more tears, oh, I'm gonna have to cry
You took the one thing that I really need
Oh, yes, I do now
When you took your love way from meBring it on home, bring your sweet love home to me
'Cause I'm lonely, lonely, lonely, oh, oh, oh
Oh, how still is the night
I wanna say one more timeOh, how still is the night
Oh, how still is the night
Oh, how still is the night
