

Sweet Ride

Happy Tree Friends

Alright Get your motor runnin' 'cause my engine's too hot
And the cooler's runnin' dry as a pimp
Get your things together 'cause I'm blowing my mind
And that Ronnie is an MTV star It's my soul that's up at eighty
And my sweet ride has blown my lady away soon
My motor's runnin' wild and I'm gone Get your wheelers spinning 'cause I'm riding a lot
And my lady's back at home with her sins
Get your wheelers spinning 'cause I'm cruising at last
And my destination's somewhere between It's my soul that's up at eighty
And my sweet ride love and tries who make sense
Man, I'm runnin' wild, now I'm gone Here comes Ronnie It's my soul that is up at eighty
And my sweet ride has blown my lady away soon
My motor's runnin' wild and I'm gone
