Thought You Should Know

Sip Sip Bubbleheads

Caught like a deer in the headlights
Really don't know where I'd go
Everybody sees right through me
Seeing through my one man show
I was a boy, you were passing the hallway
trying to be a part of the world,
thought you should know.

People, people, don't you understand,
all I ever wanted was to be part of your plan
People, people, thought you oughta know
swallow all your medicine is all

Sent you a letter that morning
Hoping that I reach you there
Found it on my doorstep this evening
guess my words don't even care
I was the boy that you passed in the hallway
left to enjoy watching you through the glass
I was a toy you were tired of playing with
Now I don't know where to go
Thought you should know

People, people, don't you understand,
all I ever wanted was to be part of your plan
People, people, thought you oughta know
swallow all your medicine is all

People, people, don't you understand,
all I ever wanted was to be part of your plan
People, people, thought you oughta know
swallow all your medicine is all
