

Undeniable

Better Than Ezra

I'll put my head inside an oven
If I need some air
But you can save me that frustration
By just comin' over here
Cause you're more than just a little
Hypnotic and morose
I'm in a compromise position
And the doctor at my throat
What I want, what I need
Are two different things
And I want, what I see
So give it to me It's undeniable
Straight up unstoppable
The way you do it it it it
The way you move it it it it
It's undeniable
Better than natural
The way you move it it it it
The way you do it
When you're doin' it to me There's a thrill in isolation
In the center of my chest
You're a blue bird of obsession
You're a cardiac arrest
Pick a number and a number
Put your back against the wall
It's a power sensation
When you're feeling vulnerable
Simmer down
Take a breath
And wait for the rest It's undeniable
Straight up unstoppable
The way you do it it it it
The way you move it it it it
It's undeniable
Better than natural
The way you move it it it it
The way you do it
When you're doin' it to me Low down, what I see
Got more body than a money got green

Low down, what I see
Got more body than a money got green
Low down, what I see It's undeniable
Straight up unstoppable
The way you do it it it it
The way you move it it it it
It's undeniable
Better than natural
The way you move it it it it
The way you do it
When you're doin' it to me
