

Voodoo Economics

Proletariat

voodoo economics
force fed, hard to swallow
the cure is worse than the illness
this cure worse than the illness
pull yourself up by your bootstraps
 sounds so good in theory
the poor must shoulder the burden
pull yourself up by your bootstraps
 voodoo
pull yourself up by your bootstraps
the poor must shoulder the burden
 this cure worse than the illness
pull yourself up by your bootstraps
 voodoo
voodoo! x4
