

You Wear A Crown But You're No King

[blessthefall](#)

Watching your empire fall! You'll never stop till you get what you want
You think you have control
You tried to take mine
But I won't leave till I get what I want
Over and over bending and breaking Watching your empire fall!
Watching the ashes fall
Will it ever cross your mind?
I'm the man you'll never be
Think about me when you're all alone
Without someone to love
(Without someone to love)
Am I gonna be the last one standing?
How's it gonna feel when I'm on top
I guess I'll watch you walk away Don't waste my time
You've got this upside down
What were you thinking of?
What were you thinking of?
You've got this upside down
What were you thinking of?
What were you thinking of? Watching your empire fall!
Watching the ashes fall
Will it ever cross your mind?
I'm the man you'll never be
Think about me when you're all alone
Without someone to love
You're out there on your own Am I gonna be the last one standing?
How's it gonna feel when I'm on top
I guess I'll watch you walk away
And let your empire crumble
Am I gonna be the last one standing?
How's it gonna feel when I'm on top?
I guess I'll watch you walk away
And let your empire crumble You decide what's next for us
Over and over you sold me out
You decide what's next for us
Over and over bending and breaking
You decide what's next for us
You decide what's next for us
You'll never learn

You never will
You'll never learn
You never will
You decide what's next for us
You decide what's next for us
