

Flatliner (feat. Dierks Bentley)

[Cole Swindell](#)

Dang, girl, look at you
Stopping me in my boots
What's a country boy to do, but say
Uh uh Stop beating my chest up
You're down right dangerous
That shake got me gitty up
Got my eyes what what Sippin' on this seven-seven
Never been this close to heaven
Got the pretty turned up to 11
Droppin' them dead on the dance floor
Somebody better call a doctor
She's a little heart stopper
I'm talkin' breaker breaker one-niner
She's a flatliner, oh she's a flatliner Dang, girl, I'm done
I ain't never seen no one
Poppin' like a cold one
Droppin' like oh oh Oh my, I see the light
I don't mean the neon kind
One kiss from you tonight will send me on to the other side Sippin' on this seven-seven
Never been this close to heaven
Got the pretty turned up to 11
Droppin' them dead on the dance floor
Somebody better call a doctor
She's a little heart stopper
I'm talkin' breaker breaker one-niner
She's a flatliner, oh she's a flatliner Dang, girl, look at you
Stopping me in my boots
What's a country boy to do
What would Dierk do Sippin' on this seven-seven
Never been this close to heaven
Got the pretty turned up to 11
Droppin' them dead on the dance floor
Somebody better call a doctor
She's a little heart stopper
I'm talkin' breaker breaker one-niner
She's a flatliner, oh she's a flatliner She's a flatliner
Yeah, she's a flatliner
