I Washed My Hands In Muddy Water

Charlie Rich

it's been a long day without you my friend
and i'll tell you all about it when i see you again
we've come a long way from where we began
oh i'll tell you all about it when i see you again
when i see you again
why do you have to leave so soon?
why do you have to go?
why do you have to leave me when i needed you the most
cause i don't really know how to tell ya without feeling much worse
i know you're in a better place and it's always gonna hurt
carry on give me all the strength i need
to carry on
it's been a long day without you my friend
and i'll tell you all about it when i see you again
we've come a long way from where we began
oh i'll tell you all about it when i see you again
when i see you again
how do i breath without you feeling so cold
i be waiting right here for you till the day you're home
carry on
give me all the strength i need to carry on
so light guide your way yeah
hold every memory as you go
and every road you take always lead you home
it's been a long day without you my friend
and i'll tell you all about it when i see you again
we've come a long way from where we began
oh i'll tell you all about it when i see you again
when i see you again
when i see you again
see you again
when i see you again
