

Somebody Loves Somebody

Celine Dion

I don't want another piece of your mind
So take it somewhere else for the night
'Cause I can't take another goodbye If you wanna fight, bite your tongue
Before you explode
Don't let this get out of control
You don't want me to leave you alone When somebody loves somebody
That's the way it's supposed to be
'Cause you know nobody else would put up with your games, oh
I don't believe you love if you don't wanna go, no
That's not the way it is when somebody loves somebody Eh, eh, eh, eh, eh When somebody loves
somebody Wait, I'm hearing every word that you say
You wonder if we made a mistake
It's written all over your face You know it's too late
We've already fallen in love
Tell me, is it asking too much
For you to stick it out when it's tough
Is it ever enough? When somebody loves somebody
That's the way it's supposed to be
'Cause you know nobody else would put up with your games, oh
I don't believe you love if you don't wanna go, no
That's not the way it is when somebody loves somebody Eh, eh, eh, eh, eh When somebody loves
somebody Some people live their lives
Never believing in love
I don't want that for us When somebody loves somebody
That's the way it's supposed to be
'Cause you know nobody else would put up with your games, oh
I don't believe you love if you don't wanna go, no
That's not the way it is when somebody loves somebody Eh, eh, eh... When somebody loves somebody
