Kkk Hiway

MU330

did you know that the kkk adopted a hiway?
just a few miles away from my mom's house.
they paid their money and they put up a sign.
i guess they dress up in sheets and go pick up the trash.the trash, the trash, they pick up the trash.
the trash, the trash, they pick up the trash.they should know it when they see it,
they get a good look every day in the mirror.
they get a good look every day in the mirror.
