Alone Again

Spiritual Rez

I wake up,
In the day.
chase my sorrows away.
where will they go?
where no one will know
where no one will know
I go where,
there are no cares.
Where theirs no sorrow or dispare.
thats where I go.
where no one will know
where no one will know
cause' I and I,
I will provide
I and I will Justify.
Just where I go
where know one will know
where no one will know
cause im alone again
where nothing can go wrong
cause im alone again
without a care, care in the world
im alone again oo, oh oo oh
where nothing can go wrong
Cause im alone again without a care care in the world
yes, cause im all...

(instrumental)

I wake up
in the day
the sun be shining away
the way it goes,
it goes where no one will know
where know one will know
I go where there are no cares
where theres no sorrow or dispare
thats where i go
where no one will know

where no one will know
Cause I and I
I will provide
I and I will justify
just where i go
where no one will know
where no one will know
Cause im alone again
I said where nothing can go wrong
Cause im alone again
without a care care in the world
im alone again oo oh
where nothing can go wrong
cause im alone again
without a care in the world
Yes cause im all...
