

Looks Like Sex

Mike Posner

Alright,
F*ck them other boys baby
F*ck them other guys
Yeah I see your nose ring
Might as well be a bull's eye
Never used to pull girls like you, nope!
Not in '09
You ain't a mixtape chick baby
Had to sell a million for your time[Pre-Chorus]
Say ayo
Can you hear me? can you hear me?
One more time, say ayo
Can you hear me?
I can make it rain, make it soak all night
You just give me the chance
Make it a feel alright That ass makes me wanna oooh
You know exactly what you do
I would really like to take that home
Everybody here knows[Hook]
She looks like sex, sex, sex, sex
She looks like sex, sex, sex, sex
She looks like sex, sex, sex, sex
She looks like sex, sex, sex, sex
She looks like...[Mike Posner]
Liking what I see girl
Trying not to let it show
Lemme see your brains up
You gotta let them know I don't mean to be rude but
Baby I can break you off
You can sleep with the minute man
But i'm all night long[Pre-Chorus]
Say ayo
Can you hear me? Can you hear me?
One more time, ayo
Can you hear me?
I can make it rain, make it soak all night
You just give me the chance
Make it a feel alright That ass makes me wanna oooh
You know exactly what you do

I would really like to take that home

Everybody here knows[Hook]

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like...[Bridge]

That ass makes me wanna oooh

You know exactly what you do

I would really like to take that home

Everybody here knows[Hook]

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex

She looks like...
