Like that, like that  
Bounce ya ass like that, like that

Done made eighteen, girl, I'm legal you can harass me  
Cash and a bemmer I can't seem to find a bad beat  
A big fat ass like Trina make me happy  
Titties shake thighs, shake vibrate while she dancing  
Like to shake her ass like Ciara real fancy  
Wonder if Ciara can shake her ass on this lamp piece  
Betcha Jada Pinkett shake that ass real classy

Bend over like Halle Berry on that part  
When ole boy knocked her off  
I'ma dog, I like it soft, I like to rub, I like to grip  
To tell the truth I like them loose  
'Cause me and my thugs we like to flip  
I like the friends who get involved all the broads say I'ma trip  
I like the picture takin' pictures while you catch it on ya lip  
I like to sneak and take ya shoppin' when ya niggas start to trip  
Drink my liquor out the bottle on his couch and watch you strip  
Stick a couple fingers in ya, make it tickle, make ya drip  
Make ya holla like I'm robbin' ya like a pimp and then I dip  
I want to get an ounce of hydro, get Alicia eyes  
Low take her to the suite and make her hit all of her high notes  
Strapped up fa sho, 'cause I don't trust no hoes  
Anybody can go Eazy E perfect example
