

# Long Way To Go

## The Click Five

Was it you who said  
That you could never get enough of me?  
Did you confess that when we were alone  
You had to tell yourself to breathe?  
So, maybe, I should feel a little more  
Like I've been living in a dream  
Well, I'm asking you, should I stay?

[Chorus]

Even though I love you  
I can't help think about if I'd be better without you  
If we stay together  
It could get worse, then again, maybe it could get better  
Even though I love you  
I can't help think about if I'd be better without you  
Something's wrong, we both know  
That you and I still got a long way to go

A long way to go

Why would you wanna be with me  
Instead of other guys?  
Or make me feel like something special,  
God, I think I've heard a million times  
So would it be enough to buy you everything  
And call you mine?  
'Cause you won't last long if I do

[Chorus]

If I would leave tomorrow,  
You'd be the last to know

Even though I love you  
If we stay together

Even though I love you  
I can't help think about  
If I'd be better without you  
If we stay together

It could get worse, then again,  
Maybe it could get better  
Even though I love you  
I can't help think about  
If I'd be better without you  
Something's wrong, we both know  
That you and I still got a long, long way to go  
Long way to go  
Long way to go  
We still got a long way to go
