

# Aryan Mist

Van Morrison

Aryan mist, among the bridges  
You hang by the river  
You've been here forever  
Aryan mist What can the matter be  
In a world full of glamor  
Does it lift you up  
Or is it the railway carriage charm? You just sit here  
And look from your carriage  
As you watch the scene go by Gurus from the east  
Oh gurus from the west  
Does it lift you up  
Or is it railway carriage charm Aryan mist, among the bridges  
You hang by the river  
You've been here forever  
Aryan mist, Aryan mist There's so many people  
Going down by the river  
Down by the river  
To get clean The fog of illusion  
The fog of confusion  
Is hanging all over the world Gurus from the east  
Gurus from the west  
Does it lift you up  
Or is it railway carriage charm? Aryan mist, you've been here forever  
Remind me of Krishna  
Love first sweet kiss  
Aryan mist Aryan mist, among the bridges  
You hang by the river  
You've been here forever  
Aryan mist Does it lift you up  
Or is it railway carriage charm?
