I'm Wrong

Fort Atlantic

Hey love
Listen I know that you don't want to hear this
But baby I'm sorry
I gotta be a man about it and tell you
That I was wrong
Listen [Incomprehensible]
You can leave
You'll come runnin' back to me, you'll see
That's how and old boy used to think
Like you was supposed to do, what I said do
Now I'm tripping 'cause you walked away
And all I see is clouds and rainy days
Only one thing I want to say, I got to be a man about it
I shouldn't been treating you that way, I was wrong
I'm wrong, wrong I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm wrong, wrong I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm a fool, God knows
'Cause I been mistreating you, I know
I've gotta change, gotta be a man
If there's a chance, please come back to me, please
I just want to lay it on the line
I've cheated and I've lied
But I can't survive
Without you in my life
I wanna change all my wrongs
Help me make this a happy home
I'll get down on my knees
Just come back to me, please
I'm wrong, wrong, I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm wrong, wrong, I've been so wrong

The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
Girl, I need you I really need you
So come back to me
I know I mistreated you, don't deserve to see you
But come back to me
I'm going on to the only one I've
Ever thought was mine
Running out of time, yes I am baby
Girl, I know
I'm wrong, wrong, I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm wrong, wrong, I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm wrong, wrong, I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
I'm wrong, wrong, I've been so wrong
The only girl I ever loved is gone
She won't come back to me
Won't come back to me, no
See my baby is gone
And all I can say formyself is
Oh my, oh my, oh my
That's what you'll be saying
When she leaves you
Oh my, oh my, oh my
