

# I'm Wrong

## Fort Atlantic

Hey love  
Listen I know that you don't want to hear this  
But baby I'm sorry  
I gotta be a man about it and tell you  
That I was wrong  
Listen [Incomprehensible]  
You can leave  
You'll come runnin' back to me, you'll see  
That's how and old boy used to think  
Like you was supposed to do, what I said do  
Now I'm tripping 'cause you walked away  
And all I see is clouds and rainy days  
Only one thing I want to say, I got to be a man about it  
I shouldn't been treating you that way, I was wrong  
I'm wrong, wrong I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm wrong, wrong I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm a fool, God knows  
'Cause I been mistreating you, I know  
I've gotta change, gotta be a man  
If there's a chance, please come back to me, please  
I just want to lay it on the line  
I've cheated and I've lied  
But I can't survive  
Without you in my life  
I wanna change all my wrongs  
Help me make this a happy home  
I'll get down on my knees  
Just come back to me, please  
I'm wrong, wrong, I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm wrong, wrong, I've been so wrong

The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
Girl, I need you I really need you  
So come back to me  
I know I mistreated you, don't deserve to see you  
But come back to me  
I'm going on to the only one I've  
Ever thought was mine  
Running out of time, yes I am baby  
Girl, I know  
I'm wrong, wrong, I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm wrong, wrong, I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm wrong, wrong, I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
I'm wrong, wrong, I've been so wrong  
The only girl I ever loved is gone  
She won't come back to me  
Won't come back to me, no  
See my baby is gone  
And all I can say formyself is  
Oh my, oh my, oh my  
That's what you'll be saying  
When she leaves you  
Oh my, oh my, oh my
