

# National Anthem

## Kelly Price

Here's the day I've been waiting on  
NFL on Sunday morn  
But you know we need to talk right now  
Not right now the TV is on  
Move out of the way  
The national anthem is coming on  
If it's the national anthem you want  
Kelly let it wait  
Here it is  
Woman if you don't go in there  
And get me my bear and leave me alone  
And I thought I made it clear  
Please don't start this again  
Told you to get her out of there  
But I told you she was just a friend  
Came through your house last night  
And her bags were still there, oh  
Oh damn
