

# Serial Dementia

## Malevolent Creation

Raging on, fierce attacking  
Splitting flesh, down to bone  
Brain is blown, deviate  
Serial dementia, fire burnsDeep inside, gates of hell  
Thrown wide open  
Biases expanded  
Brain burning deep with sinDemons knock wanting in  
Uncontrollable urge  
Follow through tempered surge  
Stalking still in shadowsQuick to follow  
To achieve its bidding  
Blood lust  
Screaming fills your headYour own or the dead  
Nostrils fill with heat  
Finish impaired deeds  
Stalking still in shadowsLunacy uick to follow  
To achieve its bidding  
Blood lust  
Darkness now falls, homicide callsVictims are all, serial demntia  
Implement gripped  
Lunacy sipped, arterial drip  
Plunging onwardHearing them scream  
Blood soaked dream  
Killer extreme, serial dementia  
Honing of skills, gather of killsBending of wills  
Serial dementia
