

No Words

[Cody Jinks](#)

My whole view of the world has changed
I guess that comes with age
I don't believe there is good in every man
Like I did back then
And I may drink more than I should
You've seen me on the floor
I've spent my lifetime in this cage
I've built around me
Bangin' on the doors
And no words
Could ever say how much I need you
With you here
You make this life I live worth livin'
And you could be much better off
God knows without me
And that's why
I just can't find the words
Heaven knows
I've broke your heart
I can't take that away
All I'm worth is
Just this promise that I've made to you
To stand beside you
Just like you have stood beside me
And no words
Could ever say how much I need you
With you here
You make this life I live worth livin'
You could be much better off
God knows without me
And that's why I just can't find the words
