

She Is My Sin (Live at Wacken 2013)

Nightwish

Take heed, dear heart
Once apart, she can touch nor me nor you
Dressed as one
A wolf will betray a lambLead astray the gazers
The razors on your seducing skin
In the meadow of sinful thoughts
Every flower's perfectTo paradise with pleasure haunted by fearA sin for him
Desire within
A burning veil
For the bride too dear for him
A sin for him
Desire within
Fall in love with your deep dark sinI am the Fallen
You are what my sins enclose
Lust is not as creative
As its discoveryTo paradise with pleasure haunted by fearA sin for himBless me, undress me
Pick your prey in a wicked way
God I must confess
I do envy the sinners
