Uprising

Boral Kibil & Mahmut Orhan

Hey! Raising up now

You are raising in my melody, but this melody
Is not just a melody, this melody it's my fucking hate for you

You know, you're the one who fucked my all dreams
But it's not bealing, you're the one who killed me
Who's taking my attitude you bitch, you know you bitch

And now I'm stronger and I'm hard to death, harder
And now I have a brave for live.

I have an unbroken heart for others,
For these fucking lies and I was so right you know
I was so right, because of you, because of you bitch
HEY! Are you ready to raise up my hate for you with my melody.
