Take This (Album Version)

Staind

I can't believe how far I've come
Now watch me stumble and come undone
If you take away these memories
Then all that's left is just me'Cause I don't want this
And I don't need this
And I don't feel this
It seems that even though she's with me
I can't shake this
And I can't fake this
And I won't take this anymoreSo you choose to break my heart
I should have seen this from the start
I'm haunted by your apathy
All that's left is killing me'Cause I don't want this
And I don't need this
And I don't feel this
It seems that even though she's with me
I can't shake this
And I can't fake this
And I won't take this anymoreDo you believe that the way you choose to be
I've always had to see
The brighter the side of this
So I don't lose my faithNow the sun has gone away
It's getting colder every day
So before I freeze to death there's
Something I should I sayI don't want this
And I don't need this
And I don't feel this
It seems that even though she's with me
I can't shake this
And I can't fake this
And I won't take thisThough you say you understand
You still won't face this
Can't erase this
I won't embrace this anymore
