

Hope

Jack Johnson

Shadow walks faster than you
You don't really know what to do
Do you think that you're not alone?
You really think that you are immune to
It's gonna get that the best of you
It's gonna lift you up and let you down
It will defeat you then teach you to get back up
After it takes away all that you learn to love
Your reflection is a blur, out of focus
But in confusion the frames are suddenly burnt
At the end of a roll of illusions
A ghost waiting its turn
Now I see can right through
It's a warning that nobody heard
It will teach you to love what you're afraid of
After it takes away all that you learn to love
But you don't always
Have to hold to your head
Higher than your heart
You better hope you're not alone
You better hope you're not alone
You better hope you're not alone
You better hope you're not alone
You better hope you're not alone
You better hope you're not alone
You better hope you're not alone
You better be hoping you're not so
Doo doo doo
Hope you're not alone
Mmm mmm mmm

Your, your echo comes back out of tune
Now you can't quite get used to
If reverb is just a room
The problem is that there's no truth to
It's fading way too soon
The shadow is on the move
And maybe you should be moving too
Before it takes away all that you learned to love

It will defeat you then teach you to get back up

'Cause you don't always

Have to hold your head

Higher than your heart

You better hope you're not alone

You better hope you're not alone

You better hope you're not alone

You better be hoping you're not alone

You better hope you're not alone

You better hope you're not alone

You better hope you're not alone

You better hope you're not so

Doo doo doo doo, doo doo doo doo

Hope you're not alone

Mmm mmm mmm

Better ho- ho- hope

Ho- ho- hope

Better hope you're not alone

Ho- ho- hope

Hope
