Heartstrings

Pegasus Bridge

Skin keeps your heart in
When youre one still believing
And the skin that were living
Is slightly constrictingIs it the unreal thing you are living in?
Is it that are less of you that are living through?Just think what it might be like to live like that every night
And think what it might be like to live like that every nightStay if you want to
I know that Ill miss you
That Ive got to see things
That can pull out your heartstrings I dareIs it the unreal thing you are living in?
Is it that are less of you, that are living through?Just think what it might be like, to live like that every night
And think what it might be like, to live like that every night
Just think what it might be like, to live like that every night
Just think what it might be like, we live like this every nightTo live like this every night
We live like this every night
