

Johnny Freedom ("Freedomland")

Johnny Horton

When our country was a baby and the Redcoats had their way
It was he who had a party tossin tea in Boston Bay
It was he who braved the winter in the days of Valley Forge
Fightinside by side together with a fella name of GeorgeJohnny Freedom, Johnny Freedom
You can meet him on each page of history
Hes the spirit of a bear cub
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
Thats our boyWhen our country started growin and the wagons headed West
When our country called for pioneers, his name led all the rest
What a figure in his raw hide coat and hat made of raccoon
Wonder what there was about him made you think of Danl BooneJohnny Freedom, Johnny Freedom
You can meet him on each page of history
Hes the spirit of America
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
Thats our boyIf we need a mess of thinkin hes the Lincoln of the day
If were fixin for a tussle its his muscle all the way
If we need a handsome fella so the ladies hearts can throb
Theres a Yankee Doodle Dandy always handy for the jobJohnny Freedom, Johnny Freedom
You can meet him on each page of history
Hes the spirit of a bear cub
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
Thats our, thats our, thats our boy
