This Love

Camila Cabello

Na, na, na
No desire to make me miss ya when I'm feeling sentimental
Going in our separate ways but wind up back here in the middle
Losing you I couldn't face but to love you is worse
Waiting for you just in case one day it doesn't hurt, na, na, naSaid it's the last time but na, na, na, na
Just like the last time yeah, na, na, na, na
Tired of building up my walls yeah
Just to watch them fall again so fuckThis love, calling my name
Get out of my veins
If you need your space then just walk away
You know how to fuck me up then make it okay
I guess that's just your game
And I'm the one who get's played
Again and again and again and again
Maybe you should set me free
Maybe I don't really want you to
Maybe I just wanna be
Be the person who just can't lose
If you're gonna leave then go
If you need me let me know
Love me or just let me go, but noNa, na, na, na
Said it's the last time but na, na, na, na
Just like the last time yeah, na, na, na, na
Tired of building up my walls yeah
Just to watch them fall againThis love, calling my name
Get out of my veins
If you need your space then just walk away
You know how to fuck me up then make it okay
I guess that's just your game
And I'm the one who get's played
Again and again and again and again
Maybe you should set me free
Maybe I don't really want you too
Maybe I just wanna be
Be the person that you just can't lose
And there I go and fall againThis love, calling my name
Get out of my veins
If you need your space then just walk away
You know how to fuck me up then make it okay

I guess that's just your game
And I'm the one who get's played
Again and again and again and again and againOh, again
Oh, no
There I go again
