

# Work It Out

## Babyface

Said its a long nights(?)  
No rest for the weary  
Your baby keep cryin'  
He just won't go to bed  
Feels like you gon' die  
You know you gotta get up early  
Thereas not enough time for love  
Cause if you can't get what you want[Chorus]  
Well Ima work it out work it out work it out work it out  
So we can think it out think it out think it out  
Well Ima work it out work it out work it out work it out  
There ain't no...?...I'm working it ah ah ah ah ah ahThe rent is fast too  
Your not gonna make it  
The telephone haunts you  
You just can't pay the bills (you just can't pay the bills)  
Your car is broke down  
And the babys gotta go to school  
Your feelin left out  
Like nobody's gonna care for you (care for you baby)  
Well I gotta go crib girl  
A room for your kid girl  
So just put your mind at ease  
'cause I've got the cash girl  
To pay down your rent girl  
So you can spend time with  
Spend some time with me[Chorus 2]  
Rap break  
Sugar sugar sugar sugar
