Unbroken

Black Veil Brides

Now you're adrift in a sea of lies.
A foolish villan in an endless chapter.
The demon's running behind your eyes.
A simple shadow we can fight together.
I?ll never walk away.
Tear down!, the walls that will surround.
Cry out!, above the burning sound.
Show me!, how bleeding hearts still pound.
If we stand together we will be unbroken!
We carry forward into the night.
The strength of innocence like children?s laughter.
An army standing for what is right.
We?ll fall like angels if we lose what matters.
I will not walk away
Tear down!, the walls that will surround

Cry out!, above the burning sound.
Show me!, how bleeding hearts can pound.
If we stand together we will be unbroken!
Whaaa oooh oh!
Whaaa oooh oh!
Whaaa oooh oh!
Whaaa oooh oh!
We will not walk away,
Tear down!, the walls that will surround.
Cry out!, above the burning sound.
Show me!, how bleeding hearts still pound.
If we stand together we will be unbroken!
Tear down!, the walls that will surround.
Cry out!, above the burning sound.
Show me!, how bleeding hearts still pound.
If we stand together we will be unbroken!
