

# Lead Me

Krystal Harris

Oh no no no no no  
Lately something's come over me  
I once was blind, oh but now I see  
A power flowing through my soul  
Giving me control  
Making me feel whole  
[chorus]Lead me, all through the days I go  
I need you all through my life I know  
All my life I felt that i  
Would rise above and reach the sky  
All I needed was a helping hand  
And there you were  
For me once again  
[chorus]  
(I need you in my life)  
(I need you )  
Now I can thank you  
For showing the way  
Keeping me strong  
Every day  
All because of you  
I can do anything  
Lead me home  
Lead me home  
Please don't leave me  
Don't go away  
Cause I need you today in my life  
[chorus 2x]Cause I need you today in my . . .
